EDITOR's note

EDITOR'S *note* People Who Know Your World EDITOR'S *note*

27 YEARS LATER...

EDITOR'S *note*

This month marks the beginning of our 27th year of publishing ***PREVIEWS***. Since 1988, we've brought you some of the coolest stuff on Earth, always up to three months in advance of their release. I've seen a million products, and I'm ready for a million more!

We celebrated our one-year anniversary in our new offices in July, and I think I can finally say that I feel "at home" here in my new office. I've filled it with cool toys and my library of ***PREVIEWS*** back-issues (the most complete set on the planet!), and every month, it helps me feel at ease and ready to work on each catalog.

So, as we put this issue "to bed", I'm anticipating my exit for the West Coast and the San Diego Comic Con. By the time you're reading this, the 2014 Comic Con will be another one for the history books, and I'll already be back here, to put our September issue to bed. Time flies when you're having fun, I guess.

If you haven't had a chance to check them out yet, we unveiled our featured titles for this year's Halloween Comic Fest last issue. This month, we showcase the covers only, so if you want to read more about the full-size and mini-comics being offered this year, be sure to check out last month's issue, or head over to halloweencomicfest.com to see them all. Halloween Comic Fest will be held on Saturday, October 25th at participating retailers, so check with your local comic shop to see if they'll be in on the fun! And if you want an alternative to candy this Halloween, you can order all of the Halloween Comic Fest mini-comics from your local shop in bundles of 20—perfect for handing out on Halloween night, with (or instead) of candy! See page 25 of this issue for all the details on HCF13!

That's all for this month! I'll see you all next month for the September issue of ***PREVIEWS***! Keep enjoying your summers!

Marty

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings to easy-to-understand sections: Comics & Graphic Novels; Books; Magazines; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1. **Use the Short Order Form.**
Fill in with the items you'd like to order from this issue.

2. **Ask for the companion Customer Order Form.**
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic shop by the due date on the cover!

JAMES tynion iv JAMES tynion iv JAMES tynion iv JAMES tynion iv JAMES tynion iv JAMES tynion iv JAMES tynion iv

This month's featured creators is...

JAMES TYNION IV

James Tynion IV is best known for his work in Gotham City, working on the *Batman* line with Scott Snyder on titles such as *Batman (JUN140215)*, *Detective Comics (JUN140221)*, *Talon (MAY130217)*, and *Red Hood and the Outlaws (JUN140236)*, and recently serving as one of the Showrunners of the weekly series *Batman Eternal (JUL140213)*. He recently broke into the creator-owned comic world with his new BOOM! Studios' hit series, *The Woods*.

Please tell us a bit about yourself!
My name is James Tynion IV, and yes, that means there are three more of me out there I'll need to hunt down and destroy one day. I'm a comic book writer in New York City, where you can often find me singing Disney Songs and '80s Love Ballads in Karaoke Bars, in between my writing projects.

What are your favorite projects to which you've contributed?
My favorite project I've ever worked on is one of my newest, *The Woods* (APR148002), my first ongoing creator owned series from BOOM! Studios. It gives me the chance to play with all of my favorite story tropes: horror, science fiction, teen adventure… It's a story filled with all the relationships and weirdness that I love and thrive on, and I'm thrilled it's been hitting home with the readers.

What are you currently working on?
I'm currently serving as one of the "Showrunners" and head writers on *Batman Eternal*, the new weekly *Batman* series from DC Comics, which has been an absolute blast. In the wake of my first BOOM! series, *The Woods*, I'm also really excited to announce my newest series with the company, a three-issue apocalyptic horror event story launching just in time for Halloween. It's called *Memetic* (see page 291), and it tells the story of how the world ends in three days, after a simple, seemingly innocuous image is posted online. The image was designed to end the world… and that's precisely what it does.

Three Titles by James Tynion IV

The Woods Vol. 1 TP (JUL140953)

Talon Vol. 1: Scourge of the Owls TP
(MAY130217)

Batman Vol. 3: Death of the Family TP
(MAR140250)

What are you currently reading?

It's one hell of a great time to be reading comics, because there are *so many* amazing books by incredible creative teams! I absolutely adored the launches of two new Image series, ***The Wicked + The Divine*** *(MAY148118)* and **Nailbiter** *(MAR148370)*, which scratch two of my itches in regards to my favorite kinds of stories. Energetic, youth-driven storytelling, and full-on crazy smart horror. My other favorite recent launch is BOOM! Studios' ***Lumberjanes*** *(APR148175)*, which I can't get enough of!

THE AVENGERS AND X-MEN FACE THEIR GREATEST CHALLENGE — THE RED ONSLAUGHT

■ MARVEL *PREVIEWS*, $4.99, 40 PGS, PAGE 2

In his effort to stop Cyclops and the Phoenix Five from destroying the world during the events of Avengers Vs. X-Men, Charles Xavier lost his life. Xavier's body, unfortunately, did not receive a respectful burial; instead, it fell into the hands of the Red Skull who removed Xavier's brain and performed unholy experiments upon it to control the immense telepathic powers Xavier wielded. Now, with his schemes at fruition and his mastery of Xavier's mind complete, the Red Skull unleashes hell on the Marvel Universe in October's *Avengers & X-Men: Axis* #1 — and even the combined powers of the Avengers and the X-Men may be powerless to stop him!

With the power of Xavier's mind, the Red Skull has become the Red Onslaught, and he has utilized Xavier's telepathic powers to incite humanity to hatred and ruin, triggering World War Hate. With humanity tearing itself apart, the Avengers have lost one of their own — Iron Man — when he makes a discovery that upends his own life, while Magneto's mission to protect mutantkind at all costs has had grave consequences as he unwittingly unleashes a terrible evil upon the world. Only the combined power of the Avengers and X-Men can stem the chaos, yet the fate of the world will fall to only two — Rogue and the Scarlet Witch!

The culmination of years-long story arcs, *Avengers & X-Men:Axis* from Rick Remender and artists Andy Kubert, Leinil Francis Yu, Terry Dodson, and Jim Cheung draws on plotlines from *Avengers Vs. X-Men* and *Uncanny Avengers* to craft a series that shows the Marvel Universe's darkest hour. Civilization teeters on the brink, heroes are rendered powerless to cope with the encroaching darkness, and what hope remains falls upon a few. Could this be the hour when the heroes fall and evil triumphs?

The Marvel Universe faces its darkest chapter in *Avengers & X-Men: Axis*, and the Marvel Universe will be reeling from its effects for years to come. Get in on the ground floor with the first issue from Remender and Kubert this October!

THE RED SKULL'S PLANS COME TO FRUITION, AND EARTH'S HEROES MAY BE POWERLESS TO STOP HIM IN AVENGERS & X-MEN: AXIS!

RETURN TO THE WORLD OF *EDWARD SCISSORHANDS* IN IDW'S NEW SERIES

Nearly twenty-five years have passed since Johnny Depp's star-making turn as the titular character in Tim Burton's enchanting fairy tale for adults, *Edward Scissorhands*. This October, IDW Publishing returns to the world of the film with the new *Edward Scissorhands* mini-series!

Two generations have passed since Edward left his inventor's gothic castle and met the family that took him in for a brief time. The young woman he loved, Kim, grew old, and she told her granddaughter stories of the man with scissors for hands who lived in the castle above the town. Meanwhile, Edward has explored the castle where he was created, and he discovers that he was not the Inventor's only creation. Soon, the granddaughter of Kim will come face to face with a strange man that she believed was only a story in her grandmother's imagination!

Writer Kate Leth and artist Drew Rausch return us to the world of *Edward Scissorhands* with a moving tale of dreams, imagination, the human desire to belong, and the essential quest for meaning. Check out *Edward Scissorhands* #1 this October!

SCOTT SNYDER AND JOCK REVEAL THE SECRET HISTORY OF MAGIC IN *WYTCHES*

Mankind had always feared the dark, whether it is the night when the sun has gone down or the shadows in a poorly lit room. Instinctively, we feel that something lurks there, something unseen, something dangerous, something deadly. We have our folklore and our legends, telling us about the things that lurk in the dark, telling us not to go there. And mankind has long punished those who go out in the dark. We've called them "witches." We've tortured them and burned them, just because they weren't afraid of the dark.

We shouldn't have. Because there are things far worse out there in the shadows, and the "witches" are nothing more than people like you and me, albeit people more comfortable with the dark and the things that hide in the shadows.

This October, Batman's Scott Snyder reteams with Jock, his artist from Batman: The Black Mirror, for a new supernatural series about the dark and the people who have served and protected the dark — *Wytches*. Launching with a 30-page first issue, *Wytches* is guaranteed to be the horror comic of the autumn, a time when the shadows grow, the dark encroaches, and the things in the dark come out.

A time of Wytches.

HUMANS ARE THE PREY IN DARK HORSE'S NEW *PREDATOR* SERIES

Dark Horse Comics' relaunch of Fox's science-fiction properties was revealed in last month's ***PREVIEWS*** with *Aliens: Fire and Stone* and *Prometheus: Fire and Stone*, and in this month's catalog the relaunch continues with *Alien Vs. Predator: Fire and Stone* and *Predator: Fire and Stone!*

The loss of the *Prometheus* on LV-223 has drawn others to the mysterious planet, among them the mercenary ship *Perses*. In *Alien Vs. Predator: Fire and Stone* by Christopher Sebela and Ariel Olivetti the crew of the *Perses* discovers that there are greater dangers than an inhospitable world; they quickly find themselves in the midst of an ancient conflict between the Aliens and the Predators!

The crew of the *Perses* is not done with these extraterrestrial horrors, however! Soon, they are the prey themselves in Joshua Williamson and Chris Mooneyham's *Predator: Fire and Stone*. The *Perses* becomes fertile hunting ground when a Predator stows away aboard the *Perses* as it embarks on its arduous journey home!

Drawing on elements of all four film franchises and drawing them together, the individual mini-series can be read individually for a satisfying experience or read together for one massive epic of science-fiction horror! Look for the two newest series in this month's ***PREVIEWS*** and in your local comic shop this October!

LET *PREVIEWS* HELP HONE YOUR SKILL WITH "HOW TO DRAW" MONTH

This month, ***PREVIEWS*'** How to Draw Month pays homage to the do-it-yourself spirit that launched the comics industry. Where would we be today if two young lads named Jerry and Joe didn't create their own comic book? Two guys — one a writer, the other an artist — launched a genre and forged a legend. Who will be the next Siegel and Shuster? Who will create the next comic book classic?

Many creators attempt to do just that each month. Some self-publish their own comics, some create fanzines and chapbooks. Some publish webcomics. Some of these creators are noticed by publishers large or small. Some of their creations catch on with the public, and some fail. Irregardless of where they wind up on the sales charts, however, these creators all started in the same place: at the drawing board.

Like any skill, creating comic books at any stage of the process — whether writing, penciling, inking, lettering, or coloring — requires practice and technique. Creators, at any skill level, can take advantage of How To Draw Month which spotlights books that will help you become a better comics creator. Whether you choose from books like Watson-Guptill's *DC Comics How To Guides*, Simon & Schuster's *How to Draw Comics the Marvel Way*, WW Norton's *Will Eisner's Graphic Storytelling and Visual Narrative*, Harper Collins' *Reinventing Comics*, or any of the dozens more books featured with the "How to Draw" icon throughout the catalog, you will find tips and techniques that will help you to become the best comics creator you can be.

The next chapter of the greatest adventure in DC's history is here!

When they last collaborated, Grant Morrison joined artist Ben Oliver (LOBO, BATMAN/SUPERMAN) for the acclaimed ACTION COMICS #0. For their next team-up, the two superstars take a spin around the self-obsessed Earth-16 – a.k.a. Earth-Me!

With all of the world's threats having been handled long ago by their parents, the next generation of supers – including Chris Kent, Damien Wayne, Alexis Luthor, Offspring, Megamorpho, Donna Troy and more – find themselves labeled as superstars more often than super heroes. But with that fame comes complacency, and when a massive threat unlike anything they've ever seen surfaces, this pampered crew finds themselves in way over their head.

What secret is Damien keeping from Chris that could tear the world's finest friends apart? Who is the mysterious killer lurking behind the scenes among these spoiled super-children? And what chance do they stand against the monstrous villain that's murdering its way cross the Multiverse?

All that and more in this exciting stand-alone issue which also acts as chapter three of the MULTIVERSITY saga. Join us, if your dare, for THE MULTIVERSITY!

It took two lifetimes and countless victims, but Lucas "Dodge" Caravaggio has his terrible prize at last: the key which will open The Black Door. Disguised in the form of little Bode Locke, Dodge descends into the Drowning Cave, to throw back the door and release the demons on the other side. Those who have stood against him for so long–Tyler, Kinsey, Scot, Nina, Rufus, and all the rest–take their places as the final tragedy unfolds… a confrontation between decency and hate in the caverns a hundred feet beneath Keyhouse, at the threshold of an evil kept for generations under lock and key.

V-Wars is set in a world transformed by a global pandemic caused by a millennia-old virus that, once triggered, affects individuals differently depending on their DNA. The result is vampires as unique as their cultures, a response from unaffected humans like never before, and a story that is old-school, scary, and complicated. Springing from the mind of *New York Times* best-selling author, **Jonathan Maberry**, this collection begins a non-stop thrill ride of action, horror, and suspense!

INTERVIEW WITH JONATHAN MABERRY:

IDW: Who is issue 6's special guest-star, Joe Ledger, for those who don't know?

JM: Joe Ledger is a former Baltimore cop who was recruited into a secret covert ops group called the DMS (Department of Military Sciences). The DMS tackles anyone who uses bleeding-edge science as terrorist weapons.

Joe Ledger has a very troubled past and it's entirely possible there's more than one person living inside his head. However, he's learned to manage his psychosis in a way that allows him to be a superb special operator. He's an idealist who will pull a trigger, and in combat he is utterly ruthless.

Joe was introduced in the novel PATIENT ZERO (2009, St. Martin's Griffin), in which he confronted a terrorist organization using a weaponized prion disease to create a zombie plague. Since then he's tackled the most extreme mad science. The latest Ledger novel is CODE ZERO (2014), in which he confronts a brilliant and equally psychotic killer named Mother Night, who has managed to steal all of the bioweapons the DMS has taken away from the bad guys.

Joe's known for his smartass sense of humor, his absolute lack of hesitation, and his unpopular view that people are more important than party politics or fundamental causes.

IDW: What is Joe Ledger's role in V-Wars?

JM: Joe is on the hunt for several groups who are working to turn the infected vampires into super soldiers. Unlike some other agencies within the government, Joe and the DMS don't want anyone to have that technology. This puts him into direct confrontation with Big Dog, who wants to obtain this tech for certain parties within our government.

IDW: Can we expect any other characters from the Joe Ledger series to make an appearance?

JM: Joe will be going solo in this 3-issue guest shot. But I'm open to bringing him back later, and maybe having his crew, Echo Team, along for the ride. I know my readers also want to see Joe's combat dog, Ghost, make an appearance. Time will tell.

IDW: Where else can we find the adventures of Joe Ledger?

JM: All six of the Joe Ledger novels are in print, with more on the way. In reading order they are: PATIENT ZERO, THE DRAGON FACTORY, THE KING OF PLAGUES, ASSASSIN'S CODE, EXTINCTION MACHINE, and CODE ZERO. The seventh book, PREDATOR ONE, debuts in March. And there's a new collection of Ledger short stories, JOE LEDGER: SPECIAL OPS (JournalStone Publishing).

In 1968, **Bob Kanigher** and **Joe Kubert** launched a new kind of war book, one that showed military conflicts from the other side of the coin. Thought by many to be Kubert's most powerful work, *Enemy Ace* tells the story of a German World War I flyer who had a keen sense of honor and deep-rooted nobility. Kubert took this new concept and rose to the challenge. Today, *Enemy Ace* remains one of Kubert's great achievements. Collecting *Star Spangled War Stories* #139, 140, 141, 142, and 144 (and added bonuses!), this Artist's Edition will be beautiful from top to bottom!

At the center of the mischief is Rob Wilco, a single, mild-mannered ad executive and the guardian of Bucky and Satchel. Bucky is a temperamental cat who clearly wears the pants in their eccentric household, while Satchel is a gentle, sensitive pooch who struggles to remain neutral, almost guaranteeing he'll wind up on the receiving end of whatever trouble Bucky has cooked up. PEARLS BEFORE SWINE: BREAKING STEPHAN TP

(W/A/CA) Stephan Pastis

The familiar gang of characters cook up hilarity with their banter on current events, bicyclists, and the strip's creator, Stephen Pastis. Some of the action this time around features Rat in his very own movie, driven by the brilliant plot of "Rat kicks Pig," and Croc's pursuit of a job with the one weapon in his skillset: drinking. Pastis's *Breaking Stephan* is sure to entertain with its perfect chemistry of commentary, satirical logic, and dark wit. (STK650786) (C: 0-1-0)

About: Garth Ennis' War Stories find a new home at Avatar with the launch of this ongoing monthly! Pulling tales from real conflicts throughout modern history, this series is where a master storyteller brings the horrors of war to life in comics. Ennis travels the timeline to pull some of the most harrowing tales of valor and bloodshed from history's most violent battles with his trademark wit and spot-on dialogue to show the humanity within the inhuman horrors. Writer: Garth Ennis

MR, Color, 176 pages

Trade Paperback: $19.99
Hardcover: $27.99

About: GARTH ENNIS returns to the horrifyingly brutal world he created with a story that fans have waited over five years for! The Crossed outbreak created a miserable grueling world of monsters that dash out all hope of survival and ensures a terrifying end to everything in their path. For the first time, master storyteller Garth Ennis takes you back to the early days of outbreak and delivers the unexpected – a patient zero tale. With the outbreak spreading like wildfire across the globe, a group of soldiers attempt to piece together how the disease spread so quickly and to reverse the horror they see taking place in the streets. And as they struggle to catch up with events, a fleet of nuclear-armed planes carry the extinction of the human race as they speed towards America, with only one British flight crew to stand in their way. No one can deliver this level of poignant horror like Garth Ennis. In a world where there is no help and there is no hope...there is only the Crossed. Crossed Vol 10 collects the story Thin Red Line from issues 50 – 56 of the ongoing Crossed: Badlands series. Available as both a TPB and Hardcover.

Modesty Blaise, the tough and enigmatic character created by Peter O'Donnell, made her international debut on May 13, 1963 in a newspaper strip story illustrated by Jim Holdaway. On Jim Holdaway's sudden death in 1970 the artwork was taken up by Enric Badia Romero. In 1978 John Burns drew the strip for a year then Pat Wright for nine months. In May 1980 the fifth artist was introduced, Neville Colvin, who produced over 1500 strips. Colvin retired in 1986 and Romero continued again until the very last strip in 2001. THE PHANTOM #1

Hermes Press

The comic strips and pulps of the 20s and 30s paved the way for many of the comic book heroes we read to this day. The Phantom went from swearing an oath on his father's skull to his skintight outfit with blank domino mask and became the first true masked avenger.

While in recent years others have attempted to bring The Phantom to comic books, in all instances those projects failed to give us the true "Ghost Who Walks." When you read *The Phantom* you should hear drums beating in the background and the growl of a devil dog.

Hermes Press, with years of producing successful collections of the classic *Phantom* daily and Sunday newspaper strips, has now ventured into producing all-new adventures of the first costumed avenger, The Phantom, written by comic veteran Peter David and illustrated by Egmont's *Phantom* artist Sal Velluto, who deliver to us the real Phantom.

In this new series, The Phantom's adventures take place in the post WW II-era against the Singh Brotherhood, a villainous group dating back to the very first *Phantom* adventure. Working in an era free from the current world's social-political bias, it's the story that commands your attention as the Phantom takes on the Singh Brotherhood in the City of Gold -- and you thought only loin clothed jungle men had sole visitation right to that city.

The Phantom returns, the real one, in a 6-issue mini-series with fantastic artwork by Sal Velluto and a script by Peter David that once again shows us he knows how to write iconic characters, all wrapped in covers by Sal as well as *Spider-Man* strip artist Alex Saviuk and former *Phantom* artist Graham Nolan.

> WHY WE LOVE IT

As fans of the ***SLEEPY HOLLOW*** television series (now entering its second season on Fox), we knew we had to make a comic just as haunting, engaging and visually gorgeous as the show itself. Featuring multi-layered characters, intense visuals, and creepy storylines, ***SLEEPY HOLLOW*** is perfect for comics.

> WHY YOU'LL LOVE IT

One of the most exciting young writers working today, Scott Snyder protégé Marguerite Bennett is currently writing Archaia's ***BUTTERFLY*** and has worked on DC's ***LOBO***, ***SUPERMAN: LOIS LANE***, and ***BATMAN: JOKER'S DAUGHTER***. Even if you don't watch the show, ***SLEEPY HOLLOW*** is perfect for fans of ***THE X-FILES***, ***AMERICAN VAMPIRE***, or ***SUPERNATURAL***. STAFF picks

STORY: JAMES TYNION IV

ART: ERYK DONOVAN

COVER ART: ERYK DONOVAN (A), MEME VARIANT INCV (B)

$4.99 | 48 PAGES | FULL COLOR

> WHY WE LOVE IT

After launching James Tynion IV's ***THE WOODS*** to much acclaim, we were eager to see what other ideas he had. When James–one of our favorite new voices in comics–pitched us ***MEMETIC*** as a tale of the apocalypse in three parts, we were sold!

> WHY YOU'LL LOVE IT

MEMETIC is truly an event comic–three oversized 48-page issues detailing the end of the world over the course of three days, and a wholly unique take on the disaster genre. Much like his work on ***THE WOODS***, James Tynion IV and fantastic newcomer Eryk Donovan *(THE HOUSE IN THE WALL)* will bring horror to a whole new generation and fans of J-horror films like ***UZUMAKI*** and ***THE RING***.

> WHAT IT'S ABOUT

A meme is an idea that starts with an individual, and then spreads throughout multiple persons and potentially entire societies. Richard Dawkins suggests a meme's success comes from its effectiveness to the host. But history shows that destructive memes can spread just as rapidly through society. ***MEMETIC*** shows the progression of a weaponized meme that leads to the utter annihilation of the human race within 72 hours. The root of this apocalypse is a single image on the internet, a "meme" in the popular sense. A meme that changes everything.

"Steve and I first discovered Evil Ernie when the first issue (of the classic Evil Ernie series) came out. We were both teenagers, and our dad was a big horror movie fan, so we were plenty familiar with mayhem and massacre. But something about seeing this punk teenager trying to take out the entire world for being assholes really appealed to us. So, when a new Evil Ernie series was available, Steve and I figured it'd be a great time to debut out first brother-on-brother comic book collaboration, as we return Ernie to his anti-hero/slasher movie roots. Author Nancy A. Collins (Vampirella, Swamp Thing, Sunglasses After Dark) has called upon some of today's finest creative talents – including Gail Simone, Steve Niles, Joe R. Lansdale, Devin Grayson, and Stephen R. Bissette – to celebrate Vampirella's 45th Anniversary by crafting five issues of twisted tales, bizarre bedtime stories, and fearsome fables in the tradition of the original Warren magazines, each featuring everyone's favorite sexy, kick-ass vampire-turned-monster hunter. And, boy, have they delivered!

While exploring the Transylvanian castle she's recently inherited, Vampirella discovers a strange old book of "Feary Tales" that seems oddly familiar. Upon opening it, she is sucked inside its pages and lands in a weird alternate reality, where she is compelled by a disembodied voice calling itself The Storyteller to live out each of the 'feary tales' if she ever hopes to return to reality. In the first issue, Vampirella is surprised to discover herself married to an infamous wife-killer in "Bluebeard's Blood" by Devin Grayson (Nightwing, Batman: Gotham Knights, Titans), and then finds herself both the belle and the bête of the ball in "Cinderella? Vampirella!" by John Shirley (award-winning horror & science fiction author, and screenwriter for the 1994 cult classic film, The Crow).

A super-special, exclusive David Roach "Warren Years" cover, only available to comic shop subscribers and limited to initial orders!

"Today's comic book fans still recognize Vampirella, but many don't realize that she wasn't just a fanged and buxom adventuress. Like her fellow Warren Publications horror hosts, Vampirella served as 'ghostess with the mostest', lacing her introductions to the various stories that graced her black & white magazine with puns and double entendres. Seeing as this is the 45th anniversary of Vampirella's creation, Dynamite has decided to mark the occasion by taking her back to her roots. We've got some of the best writers in comics slated to deliver the short, sharp shocks that the Warren magazines were famous for: Devin Grayson, Joe R. Lansdale, Elaine Lee, Stuart Moore, Steve Niles, Gail Simone, John Shirley, Denis St. John, and Eric Trautmann. We're especially honored to have Stephen R. Bissette among the contributors, as he is not only one of the foremost experts on horror comics in the world, but actually had work published by Warren during its heyday. I am both excited and humbled that these incredibly talented creators have signed on to celebrate Vampirella's 45th birthday. It's going to be a hell of a party!

From the minds of Bryan Johnson and Walter Flanagan, stars of AMC's hit television show, Comic Book Men! Shortly after Alan Ostman's daughter goes missing on a family camping trip, he finds himself living life on the fringes. After a particularly rough night, an industrialist interested in Alan's research focusing on the "alternative sciences" bails him out of jail and offers Alan a job. Think your boss is bad? At least they're (probably) not a leather pig-mask wearing, inter-dimensional miscreant bent on having a race of malignant beasts exterminate the world's best known cryptids and destroy the entire universe in the process. Does humanity have a shot? A mythical society of Gray aliens didn't create Cryptozoic Man for nothing!

Now that he knows who committed the crime, a larger question makes itself apparent: can he stop it from happening? Can he save the life of a young man who didn't deserve to die? SHOWA: A HISTORY OF JAPAN VOLUME 3: 1944-1953 TP
(W/A/CA) Shigeru Mizuki
The penultimate volume of the *Showa* series continues award-winning author Shigeru Mizuki's autobiographical and historical account of *Showa* period Japan. This volume recounts the events of the final years of the Pacific War, and the consequences of the war's devastation for Shigeru Mizuki and the Japanese populace at large. After the surprise attack at Pearl Harbor, Japan and the United States are officially at war. The two rival navies wage a series of micro-wars across the tiny Pacific islands, and from Guadalcanal to Okinawa Japan slowly loses ground. Finally, the United States unleashes the deathblow with a new and terrible weapon—the atomic bomb. Showa 1944-1953 is a searing condemnation of the personal toll of war from one of Japan's most famous cartoonists. (STK651986) (C: 0-0-1)

This 560-page volume deals with the period leading up to World War II, a time of high unemployment and other economic hardships caused by the Great Depression. This volume covers the final moments of the lead-up to World War Two and the first few years of the Pacific War; it is a chilling reminder of the harshness of life in Japan during this highly militarized epoch. Mizuki writes affectingly about the impact on the Japanese populace of world-changing moments. SUPERTRASH

by Jaques Boyreau

$29.99 / SC / 220 pgs / FC / 8 x 8

Certified Cool

Jacques Boyreau returns to the gonzo archives of 20th century design in pursuit of more trash-ecstasy in this eagerly anticipated sequel to his 2002 book *Trash: The Graphic Genius of Xploitation Movie Posters*. SuperTrash collages a trail of freakish delights and intellectual spin-kicks that track the co-dependencies of art and trash through sly, uncompromising essays about new wave hookers, bad gods, hermaphro chic, and, of course, Lee Marvin. Part psychedelic psychotronic, part poster book, part album cover book, part paperback pulp book, *SuperTrash* is Surrealism for the 21st century.

SOCK MONKEY INTO THE DEEP WOODS

by Tony Millionaire and Matt Danner

$16.99 / HC / 80 pgs / Two-color / 6 x 9

Tony Millionaire and Matt Danner have produced an all-ages fantasy/adventure that hearkens back to a golden age of children's literature. In this all new storybook, Uncle Gabby and his pals venture on an epic quest over land, sea and air to rescue their human, Ann-Louise, encountering a vast cast of fanciful characters on the way. Fantastical and funny, this is a book to be shared by both children and adults.

ARSENE SCHRAUWEN

by Olivier Schrauwen

$34.99 / HC / 250 pgs / FC / 8 x 10

In 1947, the author's grandfather, Arsene, traveled across the ocean to a mysterious jungle colony in hopes of building something deemed impossible: a utopia of modernity in the wilderness. What could go wrong? This first full-length graphic novel from Olivier Schrauwen manages to fold many of the artist's obsessions found in his short stories — culture clash, lowbrow humor, colonialism, and early-20th-century continental European life — into a single engrossing, often beautiful narrative.

DREDD: UPRISE #1

Rebellion / 2000 AD

Following the sold-out, sleeper-hit movie sequel comic, *Dredd: Underbelly*, Rebellion is back again with an all new *Dredd* movie comic series which expands the movie universe even further.

In the low-income sector known as "The Spit," tensions are high between the impoverished residents and the corporations who seek to level the area in favor of building new condos for the wealthy one percent of Mega City. The underground movement, calling themselves "Uprise," will take drastic action against the greedy corporations in order to save the residents of "The Spit." The class war is on, laws will be broken by the truck-load, and that means Judge Dredd is on his way.

Arthur Wyatt, the writer of the first fan-favorite sequel, brings readers the next tale of Mega City's legendary law enforcer with the help of *X-Men Legacy* artist Paul Davidson. 'Dredd' movie fans may have to wait a while for a live-action sequel but that doesn't stop Rebellion from feeding fans with the 'Dredd' content they're itching for now.

GEORGE R.R. MARTIN'S MEATHOUSE MAN ONE-SHOT

(W) George R. R. Martin, Raya Golden

(A/CA) Raya Golden

Based on the Hugo Award-nominated short story by George R.R. Martin, best-selling author of A Game of Thrones, *Meathouse Man* is a darkly poignant tale set on a collection of planets called corpse worlds. On these planets, corpse handlers transmit their wills to an army of brainless bodies — once living people now rendered expendable. Perversion abounds as these corpses are exposed to appalling conditions at the whim of their handlers. The grim story follows one such handler — a man who remains nameless — through his teenage years and into adulthood, across corpse brothels, monotonous jobs, heartbreak, and betrayals. His increased detachment from reality becomes a spiraling descent into rejection and desensitization to the horrors around him. Set among towering buildings, giant rolling planetary processing units, and vast forest terrains on several different worlds, this journey serves as a modern fable of warning and a fascinating exploration of an alternate world perhaps not so different from our own. IN GOD WE TRUST HC

(W/A/CA) Winshluss

Certified Cool

Winshluss returns with the hilarious *In God We Trust*. His multi-levelled retelling of The Bible revises the founding myths of the holy book. We are guided through the maze of the Old and New Testament by St. Franky, with a nose like a strawberry from drinking altar wine and a sceptical attitude. God looks like a retired biker and is a shy and alcoholic seducer, Jesus had a punk phase, Mary is naive and lonely. From the comic book parody (*God vs Superman*) to the adulterous tragedy, through the story of creation and a study of the disappearance of the dinosaurs to the mystery of the resurrection, the density of the book will leave the reader no respite from the horrors suffered by an inept and inconsistent humanity and the acts of an apathetic, drunk, and jaded divine power. A "David and Goliath" story, *On The Books* is the first-hand account of the labor struggle at NYC's legendary Strand bookstore in the summer of 2012. Told by Greg Farrell, an employee of the store who interviewed numerous other members of the staff, the book examines the motives and actions of those involved, including the store, the staff, the union local, and the people of New York City, as understood by the author. Farrell gives voice to his comrades, who provide a depth of opinion and fairness to accompany Farrell's often very personal interpretation of events. In its ten short chapters the book explores at once the inner workings of our national retail environment, the current state of the book trade, and what happens when that no longer seems possible. HERE HC
(W/A/CA) Richard McGuire
Richard McGuire's *Here* is the story of a corner of a room and the events that happened in that space while moving forward and backward in time. The book experiments with formal properties of comics, using multiple panels to convey the different moments in time. Hundreds of thousands of years become interwoven. A dinosaur from 100,000,000 BCE lumbers by, while a child is playing with a plastic toy that resembles the same dinosaur in the year 1999. Conversations appear to be happening between two people who are centuries apart. Someone asking, "Anyone seen my car keys?" can be "answered" by someone at a future archaeology dig. Cycles of glaciers transform into marshes, then into forests, then into farmland. A city develops and grows into a suburban sprawl. Future climate changes cause the land to submerge, if only temporarily, for the long view reveals the transient nature of all things. (STK651025) (C: 0-1-0)

THE ART OF MODESTY BLAISE

Book Palace

It was the Cold War-era and new heroes hit the movie theatres, television, and the newsstands. There was Bond, James Bond. John Steed, Cathy Gale, and Emma Peel. And Modesty Blaise and Willie Garvin.

Created by Peter O'Donnell, Modesty Blaise was one of the first female action heroes -- part spy, part thief, and all entertainment. She was such a strong character Chris Claremont 'borrowed" from Modesty's origin when creating Storm's backstory in *Uncanny X-Men*.

Peter O'Donnell has always had the benefit of outstanding artists illustrating *Modesty Blaise* and Book Palace's *The Art of Modesty Blaise* covers the work of those artists. From *the Modesty Blaise* artist, Jim Holdaway to Enric Badia Romero's two turns on the character and the artists in between those runs by Romero, John Burns, Pat Wright, and Neville Colvi, *The Art of Modesty Blaise* scans over 160 original strips, giving us a look at the quality of work these artists provided on *Modesty*.

Limited to just 600 copies, *The Art of Modesty Blaise* makes a great addition to the strip collections from Ken Pierce, Comics Revue, and Titan Books.

ROY THOMAS PRESENTS: SHEENA QUEEN OF THE JUNGLE VOLUME 3 BOOKSHOP EDITION HC

(W) Roy Thomas

(A) Robert Webb, Alex A. Blum

She may still be everyone's favourite yellow-tressed leopard-skin-clad Jungle Jane but, having made her first appearance almost 80 years ago (courtesy of Will Eisner and 'Jerry' Iger in the British mag Wags #1), Sheena, Queen of the Jungle could be forgiven for being somewhat less spritely swinging through the trees righting wrongs and wielding her knife. In 1938, she made it Stateside with her first showing in *Jungle Comics* #1 where she settled happily in every issue (plus a decade in her own title) until April 1953. There have been other incarnations, of course, but it's this classic material that strikes at the very heart of Good Girl Art! Collects issues #11-18, Spring 1951 to Winter 1952. (STK651121) (C: 0-1-2)

HC, 7x10, 312pgs, FC $47.99

ROY THOMAS PRESENTS: BRIEFER'S FRANKENSTEIN 1949 SLIPCASE EDITION HC

(W/A/CA) Roy Thomas

Dick Briefer's *Frankenstein* for Prize Comics is widely regarded as being America's first ongoing horror series. Indeed, it was Briefer's work that probably caused the creature to be actually named as Frankenstein instead of the nameless monstrosity from Shelley's novel. Splitting the stories between two stools-humor and horror-Briefer's tales are absorbing and unsettling in equal parts. Some of the humorous material has already been reprinted, though not necessarily in order nor in total. Until now, of course! Collects issues #11-15, Jan/Feb to Sep/Oct 1948. (STK651130) (C: 0-1-1)

HC, 7x10, 240pgs, FC $64.99

Nate Powell quietly explores the dark corners of adolescence — not the clichéd melodramatic outbursts of rebellion, but the countless tiny moments of madness, the vague relief of medication, and mixed blessing of family ties. God Is Disappointed in You is for people who would like to read the Bible... if only it would cut to the chase. Stripped of its arcane language and interminable passages, every book of the Bible is condensed down to its core message, in no more than a few pages each. Written by Mark Russell with cartoons by *New Yorker* cartoonist Shannon Wheeler, *God Is Disappointed in You* is a frequently hilarious, often shocking, but always accurate retelling of the Bible, including the parts selectively left out by Sunday School teachers and church sermons. Irreverent yet faithful, this book is a must-read for anyone who wants to see past the fog of religious agendas and cultural debates to discover what the Bible really says. (STK612747)

DRAWING BEAUTIFUL WOMEN: THE FRANK CHO METHOD
Flesk Publications

Sometimes you can judge a book by its cover. In the case of *Drawing Beautiful Women: The Frank Cho Method,* what you see it was you get -- Frank Cho drawing beautiful women.

Frank is a true jack of all trades in the comic book industry, writing as well as drawing many of his own projects. While you might not be looking for a "how to write comics" from Frank (even though he does a damn good job of it, *Liberty Meadows* was a perfect mix of humor and storytelling), a "how to draw beautiful women" by Frank is a no-brainer.

In *Drawing Beautiful Women: The Frank Cho Method*, Frank combines his wit and sense of humor with lessons in how to illustrate the female form. Frank covers how to draw the overall figure, then focusing on the head, hair, neck, torso, back, arms, hands, pelvis, and legs through clear, step-by-step procedures. He also provides samples from multiple angles, including views from the back, side, and three-quarter figure.

The Studio Edition contains an additional 16 pages not found in the mainstream book market edition and is done in a format that truly enhances the artist's original art and vision, and its price reflects the extras associated with this version. The regular editions, even without those extra 16 pages, still display Frank's pen-and-ink and brush styles, along with his work with ballpoint pen.

From my first SPX and being introduced to Franks work in University2, I became a fan of his work, funny gags, unique characters and situations, and always a beautiful woman somewhere in the book. I was fortunate to work with Frank in the Insight Studio days of *Liberty Meadows* and consider those one of the highlights of my time to date with Diamond.

I look forward to this new book and adding it to all his others on my bookshelves, placing it alongside *Frank Cho Illustrator*, *Art of Insight Studio*, all the *Liberty Meadows* collections and art books from Image, and his annual sketchbooks.

I know Monkey Boy won't disappoint!

BATTLE OF THE BULGE: A GRAPHIC HISTORY OF THE ALLIED VICTORY IN THE ARDENNES, 1944-1945 GN
(W/A/CA) Wayne Vansant
Fought in the winter of 1944-1945, the coldest season in over 100 years, the Battle of the Bulge still ranks as the single largest battle ever fought by the United States Army. Thirty-one American divisions, fully one-third of the U.S. Army raised during World War II, saw action in this battle. In *Battle of the Bulge*, author and artist Wayne Vansant brings readers into the frozen foxholes, haunting forests, and devastated villages of the Ardennes during that freezing cold winter. With meticulous historical accuracy and hand-drawn visuals that can tell a story in ways words alone cannot, Vansant recounts the Bulge with insightful detail, replaying the thrusts and volleys of both the combined Allied and German forces during the tumultuous battle.

GEORGE R.R. MARTIN: THE ICE DRAGON: AN ILLUSTRATED NOVEL HC

(W) George R. R. Martin (A/CA) Luis Royo

A tale of courage and sacrifice set in the world of the bestselling series *A Song of Ice and Fire*, basis for HBO's megahit *Game of Thrones.* The ice dragon was a creature of legend and fear, for no man had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid, for Adara was a winter child, born during the worst freeze that anyone could remember. She could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life. In her fourth year she touched it, in her fifth year she rode upon its broad back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from the North swooped down upon the peaceful farm that was Adara's home. And only a winter child — and the ice dragon who loved her — could save her world from utter destruction. (STK651178)

There are few modern animated television shows that could survive over a decade and a half and remain as funny... or as stupid... or as sick... or as depraved... today as when they started. Even fewer can claim to cater to "mature" audiences, while their critics complain that everything about the show is immature. That, however, is the world of *South Park*, and this is a book about that world. 60TH ANNIVERSARY OF THE COMICS CODE

In 1954, the Senate Subcommitee on Juvenile Delinquency held a hearing to discuss the findings of Dr. Frederic Wertham, and his book *Seduction of the Innocent.* Dr. Wertham blamed comics for juvenile delinquency, and in those hearings, comics were effectively put on trial. One of the few people willing to defend comics, and take the stand was EC Comics (MAD MAGAZINE) publisher Bill Gaines.

APPROVED BY THE COMICS CODE AUTHORITY

1954 - 2011

However, his testimony fell on deaf ears, and the comic industry voluntarily instituted self-censorship in the form of the Comics Code Authority. For decades the Code censored content and stifled creativity. Many jobs where lost, and the industry almost never recovered. Now the Comics Code is long gone, and it turns out Bill Gaines was right, all along.

The Comic Book Legal Defense Fund exists to prevent that culture of censorship from happening again. To commemorate the 60th anniversary of the birth of the Comics Code Authority, the CBLDF has created new merchandise featuring the CCA seal, and honoring the memory of Bill Gaines.

HISTORY MAKING RONIN

FRANK MILLER'S RONIN GALLERY EDITION

The world of comics was changed forever with the publication of *Ronin* by DC Comics in 1983. For the first time ever, enjoy the art produced for this historic series as it was originally created, in the new *Frank Miller's Ronin Gallery Edition.*

Features material scanned from the the original art to create this large-format, 13" x 20", 328 page book. This deluxe, Smythe-sewn, hardcover book is printed at 200 line-screen on heavy paper-stock replicating the original art experience. Written and illustrated by Frank Miller between his successful Daredevil run and his game-changing Dark Knight Returns, this book pushed the boundaries of both story-telling and production value.

This book can be ordered in the DC Comics section of the order form. Additional information can be found in the DC Comics pages in this months PREVIEWS.

MARVEL COMICS JUBILEE BISHOUJO STATUE

The Marvel Bishoujo collection, bringing you new interpretations of familiar superheroes and villains, continues with the perpetually youthful mutant and sidekick to Wolverine, **JUBILEE!** An awesome product of the late '80s, Jubilee was a spunky young girl with a loud sense of style, and all of that resonated with the fans and will again with this hot new statue. Jubilee stands a rocking pose, legs apart for balance and leaning slightly as she raises an arm into the air in preparation for unleashing a fiery display of plasmoids! The young mutant wears a hot update on her classic costume complete with blue high tops, jean short shorts with X logo belt, pink tube top, bright yellow jacket, and shredded black gloves. Jubilee accessorizes that ensemble with an X pin on her chest, choker, and pink sunglasses perched on her head. All of those details, as well as the heroine's beautiful Bishoujo-styled face, are intricately sculpted and painted and look great on her! Sculpted by Gotaro Takeuchi (Atelier Bamboo). MARVEL COMICS WOLVERINE BROWN COSTUME -DANGER ROOM SESSIONS- FINE ART STATUE

Kotobukiya's amazing X-Men Danger Room Sessions Fine Art Statue series cannot be stopped! We've seen a variety of mutant heroes and even some reformed villains battling the holographic dangers in the X-Men training facility, and the latest fan-favorite character to return to the training facility with a new look is **WOLVERINE BROWN COSTUME!** Barely focusing his mindless berserker rage, Wolverine crouches in a combat pose with his claws popped and ready for action. Swapping out his usual blue and yellow, Logan wears his classic brown and yellow costume with flared boots, red X-Men logo belt, and of course the iconic pointed cowl. Balancing on the balls of his feet as he prepares to leap at the next simulated enemy in the Danger Room, Wolverine's entire body is tensed with its rippling physique sculpted in high detail. Logan fans will really appreciate the display options with this version that include two portraits: the masked head is close-mouthed and focused while the bare head unleashes the ferocity with flowing hair and a wild scream! Sculpted by Danger Room veteran Erick Sosa, Wolverine Brown Costume stands nearly 8 inches tall (1/6 scale) as he crouches, and like the other members in the series he stands on a unique Danger Room holographic environment.

FIREFLY: BROWNIE COATS ART PRINT

Two classic Harryhausen creations, presented in the original black & white on Blu-Ray for the first time ever! 20 Million Miles To Earth: On its way home from Venus, a U.S. Army rocket ship crashes into the sea of Sicily leaving Colonel Calder the sole survivor... or so it seems. A sealed container is also recovered from the wreck, and when a zoologist and his granddaughter open it, the gelatinous mass inside escapes. Overnight, it grows into a horrific monster that has doubled in size. In desperation, Calder calls in the Army to help fight the monster, which has taken refuge atop the Coliseum in Rome. But it will take more than man's weapons to fight the evil forces of the unknown and save the world from destruction. *It Came From Beneath The Sea*: In Ray Harryhausen's vintage sci-fi thriller, a giant, radioactive octopus makes the deadly mistake of attacking Navy Captain Pete Mathews' submarine, prompting the bold commander to pursue the monstrous beast across the Pacific Ocean before it attacks anyone else. But as the military races to develop a special torpedo that will penetrate the mutated octopus's brain and destroy it, the eight armed monstrosity suddenly discovers how to survive on land, wreaking havoc first on the Golden Gate Bridge and then in the Embarcadero, sending the terrified citizens of San Francisco running for their lives. SOUNDTRACKS

THE BIRD WITH THE CRYSTAL PLUMAGE ORIGINAL SOUNDTRACK

From AMS Records. Dario Argento's 'opera prima' *L'uccello dalle piume di cristallo* (aka *The Bird With the Crystal Plumage*) was premiered in 1970 and marked an historical and revolutionary debut, being a truly original and innovative thriller. The stylistic choices of Argento mark a clear step forward from the thrillers of that era and even the soundtrack was something utterly special. Argento assigned the score to Ennio Morricone, composer of the soundtracks for *Comandamenti per un gangster*, *C'era una volta il west*, *Metti, una sera a cena*, *Un esercito di 5 uomini* and *La stagione dei sensi*, which Argento had already written the screenplay of. For this movie the maestro adopted a particular style that draws heavily on contemporary music and on the studies of his Gruppo di Improvvisazione Nuova Consonanza. With *L'uccello dalle piume di cristallo* Morricone develops this approach and defines a 'formula': he alternates traditional songs, built around an easy and immediate melody used as a leitmotiv, with avant-garde and abstract tracks that amplify the state of uneasiness and fear of the viewers of tension and violence sequences. Cinevox released this soundtrack on an LP with 10 tracks in the spring of 1971 when *Il gatto a nove code* was already a big hit in the Italian cinemas. The record was originally issued in mono, with different tracks from the Stereo U.S. version. This is the first vinyl reissue featuring the original score in Stereo, enclosed in a brand new artwork made by Adventprod studios! (STK652164) (C: 0-1-1)

THE HILLS HAVE EYES ORIGINAL SOUNDTRACK

From Hitchcock Media. Original film score from the composer of *People Under the Stairs* and *Knight Rider*! The next one up in our series of releases from Don Peake is his classic score to Wes Craven's cult film *"The Hills Have Eyes"*. Assembled and produced by the composer himself, this album features the entire score and a specially added bonus: The track slates of the individual cues! These short communications between stage and booth make the listener feel as if he were right at the recording session. The score is very eerie, and you might want to keep the lights on... Excerpts from the liner notes by Don Peake: "In 1977, Wes Craven hired me to score a very dark horror film entitled *"The Hills Have Eyes"*. I was immediately struck with the brutality of the characters, and I decided to create a sparse and disturbing score, utilizing both acoustic instruments and a few experimental electronic instruments. I used "The Beam", a long aluminum channel (about 10 feet), strung with a single wire. The player (Craig Huntley) would slide a piece of steel up the wire string, creating a long glissando. I also had the prop master deliver the bone necklaces that the actors wore in the movie, to the scoring stage. I used these bones as shakers for the chase scenes. The percussionists each had a necklace to play. Mike Lang played the wild piano part for the interior search of the trailer. The strange viola sound came from an old recording viola with a horn attached, played by Toni Marcus" (STK652064) (C: 0-1-1)

KNIGHT RIDER: MUSIC FROM THE TV SERIES VOLUME THREE

From Hitchcock Media. The third volume in a series of 7 CDs of original music from the classic 80's TV show starring David Hasselhoff! We are proud to announce the release of Don Peake's score from the the classic 1980s television series, *Knight Rider*. *Knight Rider*, as the voice over will tell you before each and every episode, was "a shadowy flight into the dangerous world of a man who did not exist". For four seasons we saw crime fighter Michael Knight and his fully loaded car, K.I.T.T., fight bad guys. The show made David Hasselhoff a worldwide star while *Knight Rider* lives on in reruns and on DVD. Without question, composer Don Peake worked on one of the more memorable television series of the 80s. Along with his work on *Knight Rider*, he has composed music for television, film *(The Hills Have Eyes, Breakin', Modern Love)* and pop music as a guitarist in the Ray Charles Orchestra, Jan And Dean, Mamas And The Papas, Sonny And Cher and Hal Blaine's famed Wrecking Crew. Don played guitar on Marvin Gaye's classic, *Let's Get It On* as well as with other Motown greats. You've probably heard his guitar work on many of John Lennon's Phil Spector produced releases. His music for *Knight Rider* is a must own for any fan who collects or enjoys music from one of the great eras for television scores. (STK652079) (C: 0-1-1)

THE PHANTOM OF THE OPERA (1925) MOTION PICTURE SOUNDTRACK

From One Way Static. The Phantom of the Opera is perhaps one of the most iconic horror films in history. Directed by Rupert Julian in 1925, this silent movie starred Lon Chaney in the lead role of the deformed Phantom who haunts the Paris Opera House causing murder and mayhem in an attempt to make the woman he loves a star. As legendary as its many adaptations on the silver screen and on stage is its history of fitting soundtracks. Throughout the decades that followed many composers and artists worldwide took up the task to write fresh new scores for this iconic picture. One Way Static Records proudly presents the latest installment in this tradition with a brand new modern re-score composed & performed by UK septet The Laze, Who have developed quite a reputation across the UK for their spine-tingling live performances and expansive soundscapes. Influenced by a history of horror soundtracks, from Bernard Hermann & Angelo Badalamenti to Goblin & John Carpenter, The Laze implemented elements of Progressive Rock, Classical, Jazz, Heavy Metal & Electronica in their score. The original soundtrack will be the group's fourth long-player. The band's last release was 2010's *Spacetime Fabric Conditioner*, a Sci-Fi concept album; which went on to be remixed by Steve Moore (Zombi), Forest Swords and Brontt Industries Kapital. This new sonic adaptation comes on deluxe tip-on gatefold packed vinyl editions, compact disc & cassette. Featuring original black and silver artworks by Luke Insect (The Human League, *A Field In England*, Death Waltz Records, etc.) Available in vinyl LP or CD Formats. (STK652165) (C: 0-1-1)

THE ART OF MODESTY BLAISE

Book Palace

It was the Cold War-era and new heroes hit the movie theatres, television, and the newsstands. There was Bond, James Bond. John Steed, Cathy Gale, and Emma Peel. And Modesty Blaise and Willie Garvin.

Created by Peter O'Donnell, Modesty Blaise was one of the first female action heroes — part spy, part thief, and all entertainment. She was such a strong character Chris Claremont 'borrowed" from Modesty's origin when creating Storm's backstory in *Uncanny X-Men*.

Peter O'Donnell has always had the benefit of outstanding artists illustrating *Modesty Blaise* and Book Palace's *The Art of Modesty Blaise* covers the work of those artists. From *the Modesty Blaise* artist, Jim Holdaway to Enric Badia Romero's two turns on the character and the artists in between those runs by Romero, John Burns, Pat Wright, and Neville Colvi, *The Art of Modesty Blaise* scans over 160 original strips, giving us a look at the quality of work these artists provided on *Modesty*.

Limited to just 600 copies, *The Art of Modesty Blaise* makes a great addition to the strip collections from Ken Pierce, Comics Revue, and Titan Books.

DREDD: UPRISE #1

Rebellion / 2000 AD

Following the sold-out, sleeper-hit movie sequel comic, *Dredd: Underbelly*, Rebellion is back again with an all new *Dredd* movie comic series which expands the movie universe even further.

In the low-income sector known as "The Spit," tensions are high between the impoverished residents and the corporations who seek to level the area in favor of building new condos for the wealthy one percent of Mega City. The underground movement, calling themselves "Uprise," will take drastic action against the greedy corporations in order to save the residents of "The Spit." The class war is on, laws will be broken by the truck-load, and that means Judge Dredd is on his way.

Arthur Wyatt, the writer of the first fan-favorite sequel, brings readers the next tale of Mega City's legendary law enforcer with the help of *X-Men Legacy* artist Paul Davidson. 'Dredd' movie fans may have to wait a while for a live-action sequel but that doesn't stop Rebellion from feeding fans with the *Dredd* content they're itching for now.

HEAVY METAL MAGAZINE #271

Heavy Metal Magazine

It's not often that I write a staff pick about a book that is not a first issue and the first issue of *Heavy Metal* hit the stands back in 1977. However, this issue of *Heavy Metal* is a great jumping on point from the creative minds at Asylum Press. This special Halloween horror issue that has been created and edited by the gang that brought us *Fearless Dawn* and *Zombie Terrors!*

Asylum Press' Steve Mannion is set to introduce *Heavy Metal* readers to the sexy bombshell that is Fearless Dawn. If you are a fan of the Dark Horses' *The Goon* you'll feel right at home with the quirky sense of humor that is laced into Mannion's *Fearless Dawn* stories. Representing the horror side of Asylum Press, William Broad is going to show us what horrible things happen when the Templar turn their back on their faith.

Don't forget to check out the new printing of *The Bomb* featuring Fearless Dawn and Steve Mannion's new *Sketchbook: Bombs Babes and Brutes* in from Asylum Press in this issue of ***PREVIEWS***!

DRAWING BEAUTIFUL WOMEN: THE FRANK CHO METHOD

Flesk Publications

Sometimes you can judge a book by its cover. In the case of *Drawing Beautiful Women: The Frank Cho Method*, what you see it was you get — Frank Cho drawing beautiful women.

Frank is a true jack of all trades in the comic book industry, writing as well as drawing many of his own projects. In *Drawing Beautiful Women: The Frank Cho Method*, Frank combines his wit and sense of humor with lessons in how to illustrate the female form. Frank covers how to draw the overall figure, then focusing on the head, hair, neck, torso, back, arms, hands, pelvis, and legs through clear, step-by-step procedures.

The Studio Edition contains an additional 16 pages not found in the mainstream book market edition and is done in a format that truly enhances the artist's original art and vision, and its price reflects the extras associated with this version.

I look forward to this new book and adding it to all his others on my bookshelves, placing it alongside *Frank Cho Illustrator*, *Art of Insight Studio*, the *Liberty Meadows* collections, and his annual sketchbooks.

IN REAL LIFE GN

:01 First Second

Many of us play Massively Multiplayer Online Role Playing Games (MMORPGs) or know friends and coworkers who do. Award-winning author Cory Doctorow and artist Jen Wang ask the reader: *In Real Life*, who are the folks that share our digital gaming realms? They hit us hard with the last people we think of in our digital play lands: minimum wage workers playing MMORPGs in sweat shop-like conditions for company profit. Working 12 -hour shifts with no health care or legal recourse, gold-mining employees complete repetitive tasks in game. The companies then sell the results of their intense online labor for real world cash.

The core contrast of *In Real Life* is the oldest one of all: luxury vs. poverty. Anda from Flagstaff meets "Raymond," a 16-year old boy who lied his way into employment with one of China's online "gold-mining" companies. He and Anda connect as friends online, but they are continually confronted by Raymond's difficult living conditions, illegal worker status, and worsening health.

Cory Doctorow and Jen Wang tell a moving story both within the shared digital world and real life, making revelatory connections between the players and the reader in the process.

THE PHANTOM #1

Hermes Press

The comic strips and pulps of the 20s and 30s paved the way for many of the comic book heroes we read to this day. The Phantom went from swearing an oath on his father's skull to his skintight outfit with blank domino mask and became the first true masked avenger. In recent years others have attempted to bring The Phantom to comic books, yet those projects failed to give us the true "Ghost Who Walks." Hermes Press, with years of producing successful collections of the classic *Phantom* daily and Sunday newspaper strips, has now ventured into producing all-new adventures of The Phantom, written by comic veteran Peter David and illustrated by Egmont's *Phantom* artist Sal Velluto, who deliver to us the real Phantom.

In this new series, The Phantom's adventures take place in the post WW II-era against the Singh Brotherhood, a villainous group dating back to the very first *Phantom* adventure. Working in an era free from the current world's social-political bias, it's the story that commands your attention as the Phantom takes on the Singh Brotherhood in the City of Gold — and you thought only loin clothed jungle men had sole visitation right to that city.

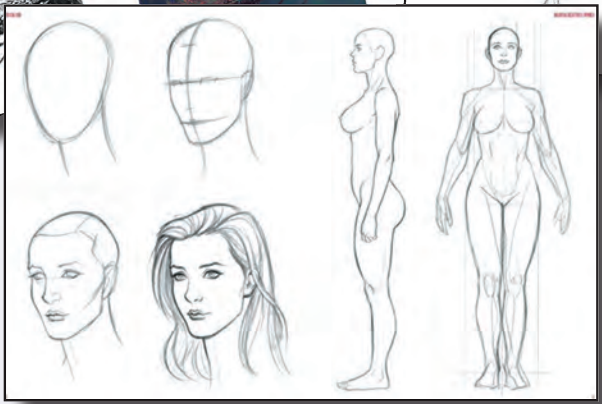
Frank Cho And The Art Of Drawing Beautiful Women



When it comes to covers that sell comic books, there are a handful of artists whose work is guaranteed to give a bump to sales whenever they lend their talents to a series' cover. Guys like J. Scott Campbell, Art Adams, Alex Ross… and Frank Cho, can name their price for supplying cover art, they're that good, and that popular. Frank Cho first came to popularity with his comic strip *Liberty Meadows*, the story of an animal sanctuary run by an unbelievably hot young animal psychiatrist named Brandy. The sancturary is populated with an assortment of very funny animals… and they're all overseen by Frank Mellish, a nerdy veterinarian whose love for Brandy knows no bounds… yet goes unspoken.

From there, Frank moved on to work at Marvel Comics, where he continues to work on various projects, all the while honing his craft… and drawing beautiful women. And it is that craft, his artistic style and method, that are the subject of his latest book, ***Drawing Beautiful Women: The Frank Cho Method***. As this is our "HOW TO DRAW" month, we thought it would be the perfect opportunity to talk with the "Monkey Boy" himself, and discuss his art, his influences, Liberty Meadows, and more!

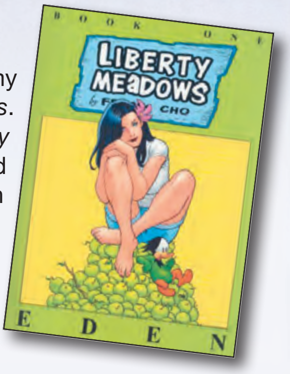
***PREVIEWS**: Please tell us a bit about yourself...*



Frank Cho: I'm Frank Cho, writer and artist at Marvel Comics, and creator of *Liberty Meadows*. I started my professional career in the newspaper comic strip market with my syndicated comic strip, *Liberty Meadows*. After five stressful years of editorial censorship, I quit the newspaper comic strip market and took *Liberty Meadows* to Image Comics. Soon afterward, I was recruited by Marvel Comics as an exclusive writer and artist. People say that I've helped to revive the whole "jungle woman" genre and brought wider attention to Dejah Thoris and other ERB characters to the comic market.

P: *The big question from most fans: When can we expect to see new **Liberty Meadows**?*

FC: Marvel has been keeping me so very busy that I don't have any free time to devote to *Liberty Meadows*! That being said, it is my goal to wrap up the final wedding story within the next 2-3 years. This is mostly due to the financial success and freedom provided by Kickstarter. So look for a big announcement in a year or two.

P: *Where did the nickname "Monkey Boy" come from?*

FC: The name "Monkey Boy" came from college. Guys love to insult each other, especially if they like you. One of the names my college buddies and I used to hurl at each other was "monkey boy" which came from the movie, *Buckaroo Banzai*.

P: *What are your favorite projects you've contributed to over the past decade?*

FC: Some of my favorite projects that I've worked on were *Shanna the She-Devil* and *Savage Wolverine* (v1: JAN140802) for Marvel Comics. (I prefer to write and draw my books when I can.) *New Ultimates* (v1: JUL110746) with Jeph Loeb and *Mighty Avengers* (v1: JUN082432) with Brian Bendis were other highlights of my career.

P: *What are you currently working on?*

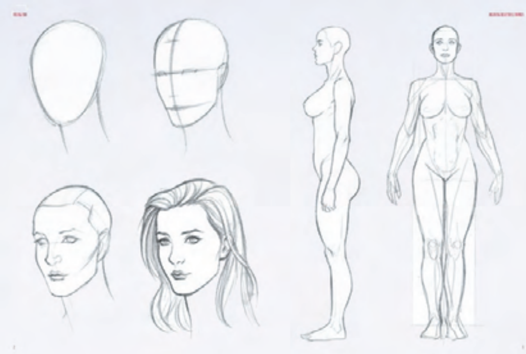
FC: The next two years will be career-changing years for me. After 12 years, my exclusive Marvel contract will be drawing to a close. I have 10 creator-owned projects that I've worked on over the years and six of those projects are fully fleshed-out and ready for me to draw and launch.

1) *Drawing Beautiful Women: The Frank Cho Method* (See Page 430!)
2) *World of Payne* (co-created by Tom Sniegoski).
3) *Skybourne Book 1: Dragon Lines*
4) *Fight Girls*
5) *Jungle Queen*
6) *Guns & Dinos*

The first two projects, *Drawing Beautiful Women: The Frank Cho Method* and *World of Payne* will be published by Flesk Publications. The rest are still up in the air…

P: *Can you tell us more about your new book, **Drawing Beautiful Women: The Frank Cho Method**?*

FC: It's an art instruction book that I've been thinking about creating for years. I've been doing my free female figure drawing class at the San Jose Big Wow Comic Fest every year, and I kept getting asked the same questions about drawing women. So I decided to put all my advice, drawing tips and lessons, into one book for everyone to see. My buddy and publisher, John Fleskes of Flesk Publications, has been wonderful putting this book together, making the whole thing classier and better with his insights.



P: *Do you have a schedule that you stick to? Do you do full pencils or breakdown and finish at the inking stage?*

FC: I have no real schedule. I wake up, and then write and draw until I'm too tired. I'm essentially a workaholic; I basically work 12-hour days with several breaks throughout the day, 7 days a week. As for my drawing, I don't do tight pencils because I'm the only one who inks my stuff, so my pencils are fairly rough and I do my finishes during the inking stage.

P: *You are known as a "good girl" artist. Does that limit you or make you want to show your range in other jobs?*

FC: No, it doesn't limit me in any way. It actually helps me. People hire me for my female drawings but are often surprised by my range and command of various styles, and handling of different subjects and techniques. They are happy to get more than a mere "good girl" artist. My buddies call me a "triple-threat" in that I run my own cottage industry — I write, draw and paint my own projects.

P: *Who are your influences? What did you learn from them?*

FC: My influences are all over the map. I tend to gravitate toward artists with classic aesthetics and ideal of beauty. Here are some of my influences:

Drawing: Al Williamson, Frank Frazetta, John Buscema, Don Newton, Franklin Booth, Alphonse Mucha
Painting: John Singer Sargent, Norman Rockwell, John William Waterhouse, Gustav Klimt, and most of the 19th century academy painters
Cartoons: Walt Kelly, Wally Wood, Berke Breathed

P: *What titles are you currently reading?*

FC: Due to my workload, my comic reading has been drastically cut back. But these are the books that I do read regularly:

Manhattan Projects (v1: JUN120470) by Jonathan Hickman and Nick Pitarra. This is by far my favorite book of the year, and Jonathan Hickman is my favorite writer currently in business. His story and ideas are so clever, insane and entertaining! *Manhattan Projects* is one of those books where I have no idea where it's going, but I know it's going to be fun.

Rachel Rising (v1: JAN120780) by Terry Moore. This book caught me by surprise. I wasn't expecting it but Terry created a truly creepy and off-center horror soap opera book. A fun read!

Invincible (*Compendium* v1: JUN110511) by Robert Kirkman and Ryan Ottley. One of my perennial favorites! Fast-paced, fun and violent, Robert's story reminds me of the old-fashioned superhero stories that I grew up with, but with a modern twist. Ryan's artwork simply gets better and better — it's intense and energetic.

Day Men (v1: MAY141152) by Matt Gagnon, Michael Alan Nelson and Brian Stelfreeze. Clever and offbeat vampire story with gray characters in a rich colorful world. I'm liking what I've read so far!
